JAE Posting Procedure

Based on:

- **Merit**
  - better net aggregate score of
    - L1R5 for JC course
    - ELR2B2 for Polytechnics course
    - L1R4 for MI course
    - ELB4/ELR1B3/ELR2B2 for ITE course
  - bonus points are taken into account e.g. CCA, HMT, Affiliation

- Number of places offered for the course
Students should consider courses that are comparable to their aggregate scores, for better fit and better chances of being admitted.
Students choose 2-3 courses where their aggregate scores are lower than the previous year’s course cut-off point (COP).
If student is **unsuccessful** in getting any of her registered course choices, she will be posted to a course that has **remaining vacancies** after all the other students have been posted according to their registered choices.
